

Los Angeles Regional Water Quality Control Board

July 18, 2019

Mr. Matthew Lathuras, Associate
Vector Management Group
Santa Monica, CA 90401

TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM PERMIT AND WASTE DISCHARGE REQUIREMENT—BRENTWOOD ON WILSHIRE LLC, 11925 WILSHIRE BOULEVARD, LOS ANGELES, CALIFORNIA (NPDES NO. CAG994004, CI-6953)

Dear Mr. Lathuras:

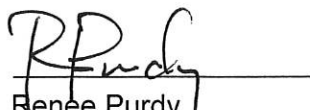

The subject discharges are regulated under Order No. R4-2013-0095, *General National Pollutant Discharge Elimination System and Waste Discharge Requirements for Discharges of Groundwater from Construction and Project Dewatering to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on June 6, 2013.

We have reviewed your June 5, 2019, letter which requested termination of your coverage under the General NPDES Permit. The letter indicated that Brentwood on Wilshire LLC, has obtained an Industrial Waste Discharge Permit from the City of Los Angeles to discharge groundwater to the sanitary sewer system and has terminated its groundwater discharge to the storm drain system. Therefore, the General NPDES permit is no longer needed. Since discharge of groundwater from the facility has ceased, coverage under Board Order R4-2013-0095, General NPDES Permit No. CAG994004, CI-6953 is hereby terminated except for enforcement purposes.

Please note that if future discharges of groundwater to surface waters or land become necessary, you must file a Report of Waste Discharge with this Board and obtain appropriate waste discharge requirements.

If you have any questions, please contact Namiraj Jain at (213) 620-6003.

Sincerely,

Renee Purdy
Executive Officer
