

## Los Angeles Regional Water Quality Control Board

January 21, 2015

Mr. Matt Sweany  
RWBP Hauser LP c/o Redwood Partners  
361 Forest Avenue, Suite 206  
Laguna Beach, CA 92651

**TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM AND WASTE DISCHARGE REQUIREMENTS— RWBP HAUSER LP c/o REDWOOD PARTNERS, 630 SOUTH HAUSER BOULEVARD, LOS ANGELES, CALIFORNIA (NPDES NO. CAG994004, CI-7062)**

Dear Mr. Sweany:

In our letter dated June 22, 2004 we informed you that the subject discharge is regulated under Order No. R4-2003-0111, *Waste Discharge Requirements for Discharges of Groundwater From Construction and Project Dewatering to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on August 7, 2003.

On December 17, 2014, your consultant (Citadel Environmental Services, Inc.) informed the Regional Board that groundwater discharge from the facility will be re-routed to the sanitary sewer and discharge to the storm drain will be terminated. Since the NPDES permit is no longer necessary, your consultant requested termination of coverage under the above-referenced General NPDES permit.

On January 20, 2015, Regional Board staff inspected the subject facility and verified that the groundwater discharge has been connected to the sanitary sewer and that there is no discharge of groundwater from the site to surface water. Therefore, coverage under Board Order No. R4-2003-0111 for the subject facility is hereby terminated, except for enforcement purposes.

Please note that if future discharges of groundwater to surface water or land become necessary, you must file a Report of Waste Discharge with this Board and obtain appropriate Waste Discharge Requirements.

If you have any questions, please contact Alex Carlos at 213-576-6726.

Sincerely,

Samuel Unger, P.E.  
Executive Officer

Mr. Matt Sweany
