TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT—CYCLOPS MILLS, LLC—FORMER MILLBROOK BAKERY, 6841 SAN FERNANDO ROAD, GLENDALE, CALIFORNIA (NPDES NO. CAG834001, CI—7212)

Dear Mr. Sweeney:

The subject discharge is regulated under Order No. R4-2007-0021, *General National Pollutant Discharge Elimination System Permit and Waste Discharge Requirements for Treated and other Wastewaters from Investigation and/or Cleanup of Petroleum Fuel-Contaminated Sites to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on April 5, 2007.

We have reviewed your August 26, 2011, letter which requested termination of your coverage under the General NPDES permit. The letter indicated that the groundwater cleanup project was completed and that you have stopped the groundwater discharge to the storm drain.

As indicated to you in our September 8, 2011, correspondence Regional Board staff has conducted and completed the compliance history review for your facility. Based on the review, no outstanding mandatory minimum penalty violations exist for your facility. Therefore, your permit has been cleared for termination.

On November 1, 2011, Board staff inspected the project site and verified that there is no discharge of groundwater from the facility to the storm drain. Since there is no discharge of groundwater from the facility, coverage under Board Order No. R4-2007-0021, General NPDES Permit No. CAG834001, for the facility is hereby terminated.

Please note that if future discharges of groundwater to surface water or land become necessary, you must file a Report of Waste Discharge with this Board and obtain appropriate waste discharge requirements.

If you have any questions, please contact Vilma Correa at (213) 576-6794.

Sincerely,

Samuel Unger, P.E.
Executive Officer
