

Los Angeles Regional Water Quality Control Board

October 21, 2015

Mr. Albert Lopez, Manager
Water Productions/Operations
City of Burbank Water and Power
164 West Magnolia Boulevard,
P.O. Box 631
Burbank, CA 91503-0631

TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT—CITY OF BURBANK WATER AND POWER—RESERVOIR FOREBAY AND WELLS, 2030 NORTH HOLLYWOOD WAY, BURBANK, CALIFORNIA (NPDES NO. CAG994002, CI—7316)

Dear Mr. Lopez:

Discharge from your facility was regulated under NPDES Permit No. CAG994002, Order No. 97-043, *General NPDES and Waste Discharge Requirements for Groundwater Discharges from Construction and Project Dewatering to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*.

On March 14, 2014, you informed Regional Board staff that no groundwater discharge occurred at the above-referenced facility and that the subject NPDES permit should be terminated. Since the NPDES permit is no longer necessary, your coverage under the above-referenced General NPDES permit is hereby terminated except for enforcement purposes.

Please note that if future discharges of groundwater to surface water becomes necessary, you must file a Report of Waste Discharge with this office and obtain Waste Discharge Requirements (WDRs) prior to discharging any groundwater from the site to surface waters.

If you have any questions, please contact Vilma Correa at (213) 576-6794.

Sincerely,

Samuel Unger, P.E.
Executive Officer
