Ventura County Municipal Stormwater Permittees

### **RETRANSMITTAL OF THE VENTURA COUNTY MUNICIPAL STORM WATER NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT (BOARD ORDER No. R4-2009-0057; NPDES PERMIT No. CAS004002)**

Dear Mr. Pratt, et al:

Please find enclosed a retransmittal of the final National Pollutant Discharge Elimination System (NPDES) Municipal Separate Storm Sewer System (MS4) Order (attached), which was adopted by the Regional Board at its meeting on May 7, 2009, pursuant to Division 7 of the California Water Code. This Permit replaces the version containing typographical errors which was mailed to you on May 29, 2009. Board Order R4-2009-0057, becomes effective 30 days after May 7, 2009 and serves as your NPDES permit, waste discharge requirements for stormwater (wet weather) and non-stormwater (dry weather) discharges from the MS4 within the Ventura County Watershed Protection District, County of Ventura, and the incorporated cities therein, and will expire on May 7, 2014.

The Ventura County MS4 Order No. R4-2009-0057 requires the Ventura County Watershed Protection District, herein referred to as the Principal Permittee, and other Co-Permittees to implement the NPDES Permit No. CAS004002, including the Reporting Program (Monitoring Report and Program Report). The Principal Permittee shall submit the first Annual Storm Water Report and Assessment under this Order for the period October 1, 2009 through September 30, 2010, by December 15, 2010.
