Lt. Col. Edward L. Wilson
Commander
Defense Logistics Agency
Defense Energy Support Center Los Angeles
3171 N. Gaffey Street
San Pedro, CA 90731-1099

Dear Lt. Col. Wilson:

CONTINUATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM PERMIT CAG834001; ORDER NO. 97-046 – DEFENSE FUEL SUPPORT POINT (DFSP) NORWALK FACILITY, 15306 NORWALK BOULEVARD, CALIFORNIA [EXISTING CAG834001; CI7585]

Your facility is currently enrolled under General Permit No. CAG834001, Order No. 92-091, adopted by this Regional Board pursuant to the Federal Clean Water Act and the California Water Code. The NPDES permit expired on November 10, 1997. However, this Regional Board, at a public hearing on May 12, 1997, adopted Order No. 97-046 replacing Order 92-091. It came to our attention that your Waste Discharge Requirements and Monitoring and Reporting Program No. CI-7585 have not been updated to be consistent with the Order No. 97-046.

Therefore, enclosed are your Waste Discharge Requirements, which also serve as your General NPDES permit, consisting of Order No. 97-046 and revised Monitoring and Reporting Program No. CI-7585. The discharge limitations in Part E of Order No. 97-046 are applicable to your discharge. The discharge limitations in Attachment A are not applicable to your discharge.

The revised Monitoring and Reporting Program requires you to implement the monitoring program upon receipt of this continuation of authorization. All monitoring reports should be sent to the Regional Board, ATTN: Information Technology Unit.

When submitting monitoring and technical reports to the Regional Board per these requirements, please include a reference to "Compliance File No. CI-7585 and NPDES No. CAG834001", which will assure that the reports are directed to the appropriate file and staff. Also, please do not combine your discharge monitoring reports with other reports. Submit each type of report as a separate document. In order to avoid future annual fees, please submit written notification when the project has been completed and the permit is no longer needed.

We are sending Board Order No. 97-046 only to the applicant. For those on the mailing list, please refer to the Board Order previously sent to you. A copy of the Order will be furnished to anyone who requests it.

If you have any questions, please contact Thizar Tintut-Williams at (213) 576-6752.

California Environmental Protection Agency

The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption
For a list of simple ways to reduce demand and cut your energy costs, see the tips at: <http://www.swrcb.ca.gov/news/echallenge.html>

Our mission is to preserve and enhance the quality of California's water resources for the benefit of present and future generations.

Lt. Col. Edward L. Wilson
DFSP Norwalk Facility, Norwalk (CAG834001, Order 97-046)

December 19, 2001

Sincerely,

Dennis A. Dickerson
Executive Officer
