CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD, LOS ANGELES REGION

ORDER NO. R4-2012-0058

TERMINATION OF WASTE DISCHARGE REQUIREMENTS
FOR DISCHARGES TO LAND/GROUNDWATER

The California Regional Water Quality Control Board, Los Angeles Region (Regional Board), finds:

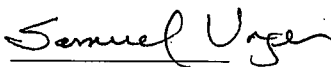

1. The Regional Board adopted Waste Discharge Requirements (WDRs) contained in Order No. 99-021 for Dominguez Energy Limited Partnership and Dominguez Properties, Limited Partnership (Discharger) on April 22, 1999, for the land-treatment of contaminated soil at the Dominguez Hills Oil Fields, Reyes Lease West of Wilmington Avenue, 1556 East Victoria Street, Carson, California (Site).
2. Land-treatment operations permitted under the WDRs were conducted at the Site and completed in 2001. Since then, the Site has been developed for commercial/industrial uses.
3. The Discharger informed the Regional Board on November 23, 2011 that no further land-treatment operations will be conducted at the Site and requested the termination of the WDRs.
4. Because waste discharge activities regulated under the WDRs have been completed and no future waste discharge under the WDRs is expected, the WDRs shall be terminated.
5. Termination of the WDRs is exempt from the provisions of Chapter 3 (commencing with Section 21100), Division 13, Public Resources Code, in accordance with Water Code Section 13389.

The Regional Board has transmitted copies of this tentative Order to the Discharger and to interested agencies and persons, and has notified them of its intent to terminate requirements at a public meeting to be held on March 1, 2012. At that public meeting, the Regional Board heard and considered all comments and testimony pertinent to this Order.

IT IS HEREBY ORDERED that that Waste Discharge Requirements Order No. 99-021 be terminated, except for enforcement purposes.

The Executive Officer of the Regional Board is authorized, and he is hereby directed, to certify and submit copies of this Order to the Discharger, and to such individuals and governmental agencies that request it.

I, Samuel Unger, Executive Officer, do certify that the foregoing is a full, true, and correct copy of an Order adopted by the California Regional Water Quality Control Board, Los Angeles Region on March 1, 2012.

Samuel Unger, P.E.
Executive Officer
