Mr. John Ballas
City Engineer
Industry Urban Development Agency
15651 East Stafford Street
City of Industry, CA 91744

Dear Mr. Ballas:

COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM AND WASTE DISCHARGE REQUIREMENTS – DISCHARGE OF TREATED GROUNDWATER TO SURFACE WATERS BY INDUSTRY URBAN DEVELOPMENT AGENCY AT 15566 EAST STAFFORD STREET, CITY OF INDUSTRY, CALIFORNIA (NPDES NO. CAG834001, CI-8216)

We have completed our review of your application for a permit to discharge treated groundwater to surface water under the National Pollutant Discharge Elimination System (NPDES).

Based on the attached Fact Sheet and other information provided, we have determined that the proposed discharge of groundwater meets the conditions to be regulated under Order No. 97-046, "General National Pollutant Discharge Elimination System and Waste Discharge Requirements For Treated Groundwater and Other Wastewaters from Investigation and/or Cleanup of Petroleum Fuel Pollution to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties", adopted by this Board on May 12, 1997.

Enclosed are your Waste Discharge Requirements, which also serve as your General NPDES permit, consisting of Order No. 97-046 and Monitoring and Reporting Program No. CI-8216. Prior to starting discharge, a representative sample of the effluent shall be taken and analyzed to determine compliance with the discharge limitations. The discharge limits in Part E and Attachment A.8.d of Order No. 97-046 are applicable to your discharge.

The Monitoring and Reporting Program requires you to implement the monitoring program on the effective date of coverage under this permit. All monitoring reports should be sent to the Regional Board, [ATTN: Information Technology Unit](#).

When submitting monitoring or technical reports to the Regional Board per these requirements, please include a reference to "Compliance File No. CI-8216 and NPDES No. CAG834001", which will assure that the reports are directed to the appropriate file and staff. Also, please do not combine other reports with your monitoring reports. Submit each type of report as a separate document.

In order to avoid future annual fees, please submit written notification when the project has been completed and the permit is no longer needed.

California Environmental Protection Agency

Our mission is to preserve and enhance the quality of California's water resources for the benefit of present and future generations.

Mr. John Ballas
