Gray Davis  
Governor

August 22, 2001

Mr. Thomas Hoagland  
Los Angeles County Department of Public Works  
900 South Fremont Avenue  
Alhambra, CA 91803-1331

Dear Mr. Hoagland:

**COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM PERMIT AND WASTE DISCHARGE REQUIREMENTS – LAUREL PARK ROAD PUMPING PLANT CONSTRUCTION PROJECT, LOS ANGELES COUNTY DEPARTMENT OF PUBLIC WORKS, RANCHO DOMINGUEZ, CALIFORNIA (NPDES NO. CAG994002, CI-8301)**

We have completed our review of your application for a permit to discharge waste under the National Pollutant Discharge Elimination System (NPDES).

Based on the information provided, the proposed discharge of groundwater meets the conditions specified in Order No. 97-043, *General National Pollutant Discharge Elimination System Permit and Waste Discharge Requirements for Discharges of Treated Groundwater from construction and Project Dewatering to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on May 12, 1997.

Enclosed are your Waste Discharge Requirements, which also serve as your NPDES permit, consisting of Order No. 97-043 and Monitoring and Reporting Program No. CI-8301. The discharge limitations in Part E of Order No. 97-043 are applicable to your discharge. In addition, the discharge limitations in Attachment A.7.d. are applicable to your discharge. Prior to discharge, a representative sample of the effluent shall be obtained and analyzed to determine compliance with the discharge limitations.

The Monitoring and Reporting Program requires you to implement the monitoring program on the effective date of coverage under Order No. 97-043. All monitoring reports should be sent to the Regional Board, ATTN: Information Technology Unit.

When submitting monitoring and technical reports to the Regional Board per these requirements, please include a reference to "Compliance File No. CI-8301 and NPDES No. CAG994002", which will assure that the reports are directed to the appropriate file and staff. Also, please do not combine your discharge monitoring reports with other reports. Submit each type of report as a separate document.

In order to avoid future annual fees, please submit written notification when the project has been completed and the permit is no longer needed.
