November 30, 2001

Mr. John Williamson
Pleasant Valley Recreation & Park District
1605 E. Burnley Street
Camarillo, CA 93010

Dear Mr. Williamson:

COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM PERMIT AND WASTE DISCHARGE REQUIREMENTS – PLEASANT VALLEY RECREATION & PARK DISTRICT MAINTENANCE FACILITY, 380 SKYWAY DRIVE, CAMARILLO, CALIFORNIA (NPDES NO. CAG834001, CI-8345)

We have completed our review of your application for a permit to discharge waste under the National Pollutant Discharge Elimination System (NPDES).

Based on the information provided, the proposed discharge of groundwater meets the conditions specified in Order No. 97-046, *General National Pollutant Discharge Elimination System Permit and Waste Discharge Requirements for Treated Groundwater and Other Wastewaters from Investigation and/or Cleanup of Petroleum Fuel Pollution to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on May 12, 1997.

Enclosed are your Waste Discharge Requirements, which also serve as your General NPDES permit, consisting of Order No. 97-046 and Monitoring and Reporting Program No. CI-8345. The discharge limitations in Part E of Order No. 97-046 are applicable to your discharge. The groundwater discharge from the cleanup project drains to Calleguas Creek below Potrero Road, therefore, the discharge limitations in Attachment A are not applicable to your discharge. Prior to starting discharge, a representative sample of the effluent shall be obtained and analyzed to determine compliance with the discharge limitations.

The Monitoring and Reporting Program requires you to implement the monitoring program on the effective date of coverage under this permit. All monitoring reports should be sent to the Regional Board, ATTN: Information Technology Unit.

When submitting monitoring or technical reports to the Regional Board per these requirements, please include a reference to "Compliance File No. CI-8345 and NPDES No. CAG834001", which will assure that the reports are directed to the appropriate file and staff. Also, please do not combine other reports with your monitoring reports. Submit each type of report as a separate document.

We are sending Board Order No. 97-046 only to the applicant. For those on the mailing list, please refer to the Board Order previously sent to you. A copy of the Order will be furnished to anyone who requests it.

California Environmental Protection Agency

The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption
For a list of simple ways to reduce demand and cut your energy costs, see the tips at: <http://www.swrcb.ca.gov/news/echallenge.html>

Our mission is to preserve and enhance the quality of California's water resources for the benefit of present and future generations.
