Claim No. 7001 2510 0003 6055 6999

Dear Mr. Shenoi:

**TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT – FORMER BUG CITY/STUDIO EXPRESS, LOS ANGELES, CALIFORNIA (NPDES NO. CAG834001, CI-8646)**

The subject discharge is regulated under Order No. R4-2002-0125, *General National Pollutant Discharge Elimination System and Waste Discharge Requirements for Discharge of Treated Groundwater and Other Wastewaters from Investigation and/or Cleanup of Petroleum Fuel-Contaminated Sites to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on July 11, 2002, which also serves as your NPDES permit.

We have reviewed your June 12, 2006, letter which requested termination of your coverage under the General Permit. The letter indicated that you have ceased discharging groundwater from the subject facility to Ballona Creek.

On February 13, 2007, Board staff inspected the project site and verified that there is no discharge of groundwater from the site to the Ballona Creek. Since there is no discharge of groundwater from the facility, coverage under Board Order No. R4-2003-0125, General NPDES Permit No. CAG834001, for the facility is hereby terminated except for enforcement purposes.

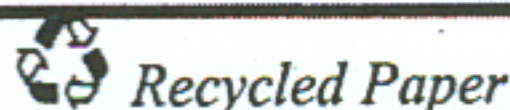

Please note that if future discharges of groundwater to surface waters or land become necessary, you must file a Report of Waste Discharge with this Board and obtain waste discharge requirements.

If you have any questions, please contact Namiraj Jain at (213) 620-6003.

Sincerely,

  
Jonathan S. Bishop  
Executive Officer
