GENERAL WASTE DISCHARGE REQUIREMENTS COVERAGE FOR PROPOSED OXYGEN RELEASE COMPOUND (ORC) INJECTION TO GROUNDWATER (ORDER NO. R4-2002-0030: SERIES No. 045) AT SHELL SS# 204-4530-1201, 8873 SUNSET BOULEVARD, WEST HOLLYWOOD, CA (ID# R-05560) (UST CLEANUP FUND CLAIM # 4479)

Dear Mr. Lentini:

We have received your application for coverage under General Waste Discharge Requirements to inject Oxygen Release Compound (ORC) into the groundwater for in-situ bioremediation to address the methyl tertiary butyl ether (MTBE) plume originating from the subject site.

We have reviewed the information provided and determined that the proposed discharge meets the conditions specified in Regional Board Order No. R4-2002-0030, "*General Waste Discharge Requirements for Groundwater Remediation at Petroleum Hydrocarbon Fuel and/or Volatile Organic Compound Impacted Sites*," adopted by this Regional Board on January 24, 2002. Please refer to the attached Fact Sheet.

Also, enclosed are Waste Discharge Requirements, Order No. R4-2002-0030, and Monitoring and Reporting Program No. CI-8703. Please note that the discharge limits in Attachment A (DWR Basin No. 4-11 [Hollywood Basin]) of this Order are applicable to your case.

The "Monitoring and Reporting Program" requires you to implement the monitoring program on the effective date of this enrollment under Regional Board Order No. R4-2002-0030. Your first monitoring report is due to this Board two months after the injection. All monitoring reports should be sent to the Regional Board, ATTN: Information Technology Unit.

When submitting monitoring or technical reports to the Regional Board per these requirements, please include a reference to "Compliance File No. CI-8703," which will assure that the reports are directed to the appropriate file and staff. Also, please do not combine other reports with your monitoring reports. Submit each type of report as a separate document.

We are sending a copy of Order No. R4-2002-0030 only to the applicant. A copy of the Order will be furnished to anyone who requests it.

California Environmental Protection Agency

Our mission is to preserve and enhance the quality of California's water resources for the benefit of present and future generations.
