July 9, 2007

Mr. Gary Lee Moore
City of Los Angeles
Department of Public Works
149 S. Broadway, Suite 700
Los Angeles, CA 90015-2213

Dear Mr. Moore:

TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT—CITY OF LOS ANGELES, DEPARTMENT OF PUBLIC WORKS, EAGLE ROCK SEWER-LINE INTERCEPTOR PROJECT, EAGLE ROCK BOULEVARD AND YORK BOULEVARD, LOS ANGELES (CAG994004, CI—8749)

In our letter dated June 22, 2004, we informed you that the subject discharge is regulated under Order No. R4-2003-0111, *General NPDES and Waste Discharge Requirements for Groundwater Discharges from Construction and Project Dewatering to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, which also serves as your NPDES permit.

On June 25, 2007, you informed Regional Board staff that the above-referenced project was completed in November 2006. Since the NPDES permit is no longer necessary, you requested termination of your coverage under the above-referenced General NPDES permit. On June 29, 2007, our staff inspected the facility and verified that there is no discharge to the storm drain.

Since there is no discharge from the site to the storm drain, coverage under Board Order No. R4-2003-0111 for the subject facility is hereby terminated except for enforcement purposes. If you have any questions, please contact Vilma Correa at (213) 576-6794.

Sincerely,

Deborah J. Smith
Interim Executive Officer
