RETURN RECEIPT REQUESTED
CLAIM NO. 7002 0860 0004 5295 5065

Dear Mr. Corella:

REVISED GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM PERMIT (NPDES) AND WASTE DISCHARGE REQUIREMENTS – CITY OF OXNARD, WELL NOS. 20, 22, 23, 28, 29, 30, 31, 32, 33, & 34, HAYES AVENUE BLENDING STATION & OXNARD BLENDING STATION, 250 E. 3rd STREET, OXNARD, CALIFORNIA (NPDES NO. CAG994005, CI-8802)

We have completed our review of your request to include coverage for discharges from potable water supply Well Nos. 28, 29, 30 and 31 under the above-referenced General NPDES Permit that was issued to you on August 30, 2005, for Well Nos. 20, 22, 23, 32, 33 and 34. General NPDES Permit No. CAG994005 (Order No. R4-2003-0108), *General National Pollutant Discharge Elimination System and Waste Discharge Requirements for Discharges of Groundwater from Potable Water Supply Wells to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties* was adopted by this Board on August 7, 2003.

Based on the information provided, we have no objections to you including discharges from Well Nos. 28, 29, 30 and 31 under your enrollment for the above-referenced NPDES permit. Enclosed are your Waste Discharge Requirements, which also serve as your NPDES permit, consisting of Order No. R4-2003-0108 and Monitoring and Reporting Program No. CI-8802. The effluent limitations in Section E.1 of Order No. R4-2003-0108 are applicable to your discharge. The groundwater discharge flows into Miscellaneous Ventura Coastal Streams which flow to the Pacific Ocean; therefore, the discharge limitations in Attachment B are not applicable to your discharge. Prior to starting discharge, a representative sample of the effluent shall be obtained and analyzed to determine compliance with the discharge limitations.

The Monitoring and Reporting Program requires you to implement the monitoring program on the effective date of coverage under this permit. All monitoring reports should be sent to the Regional Board, ATTN: Information Technology Unit. When submitting monitoring or technical reports to the Regional Board per these requirements, please include a reference to "Compliance File No. CI-8802 and NPDES No. CAG994005", which will assure that the reports are directed to the appropriate file and staff. Also, please do not combine other reports with your monitoring reports. Submit each type of report as a separate document.
