Mr. Rich Nagel
West Basin Municipal Water District
17140 South Avalon Boulevard, Suite 210
Carson, CA 90245

TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT—WEST BASIN MUNICIPAL WATER DISTRICT—BARRIER INJECTION MONITORING WELLS PROJECT, 404 NORTH PROSPECT AVENUE, REDONDO BEACH, CALIFORNIA (NPDES NO. CAG994005, CI—8848)

Dear Mr. Nagel:

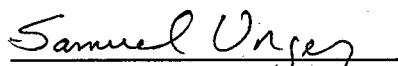

In our letter dated January 12, 2005, we informed you that the subject discharge is regulated under Order No. R4-2003-0108, *General NPDES and Waste Discharge Requirements for Groundwater Discharges from Potable Water Supply Wells to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on August 7, 2003.

On November 17, 2011, you informed Regional Board staff that the above-referenced well development project was completed on November 15, 2011. Since the NPDES permit is no longer necessary, you requested termination of your coverage under the above-referenced General NPDES permit. On February 29, 2012, staff inspected the facility and verified that there is no discharge to the storm drain. Since there is no discharge from the site to the storm drain, coverage under Board Order No. R4-2003-0108 for the subject facility is hereby terminated except for enforcement purposes.

Please note that if future discharges of groundwater to surface water becomes necessary, you must file a Report of Waste Discharge with this office and obtain Waste Discharge Requirements (WDRs) prior to discharging any groundwater from the site to surface waters.

If you have any questions, please contact Vilma Correa at (213) 576-6794.

Sincerely,

Samuel Unger, P.E.
Executive Officer
