Mr. Michael T. Martin
Northrop Grumman Corporation
One Hornet Way, M/S PA13/W5
El Segundo, CA 90245-2804

**TERMINATION OF COVERAGE UNDER GENERAL WASTE DISCHARGE REQUIREMENTS
– FORMER NORTHROP GRUMMAN FACILITY, 1515 RANCHO CONEJO BOULEVARD,
NEWBURY PARK, CALIFORNIA (FILE NO. 94-18, WDR NO. R4-2002-0030, CI-8865)**

Dear Mr. Martin:

In our letter dated March 9, 2005, we informed you that the subject discharge is regulated under Order No. R4-2002-0030, which also serves as your Waste Discharge Requirements (WDR).

By letter dated November 18, 2008, Mr. David Tietje of ARCADIS, on your behalf, notified the Regional Board that all in situ reactive zone (IRZ) work performed for the pilot test study was completed in July 2008. Therefore, you requested termination of coverage under Order No. R4-2002-0030.

The latest report, Second Quarter 2008 Discharge Report, dated July 14 2008, was submitted to the Regional Board detailing the monitoring results and conclusions of the pilot test. Since the pilot test has completed, the WDR is no longer needed, the coverage under the Order No. R4-2002-0030 with Monitoring and Reporting Program No. CI 8865 for the subject facility is hereby terminated.

If you have any questions, please contact Ms. Thizar Tintut-Williams at (213) 576-6723.

Sincerely,

Tracy J. Egoscue
Executive Officer
