Mr. Donald L. Wolff, Acting Director  
Los Angeles County Department of Public Works  
900 South Fremont Avenue  
Alhambra, CA 91803

Dear Mr. Wolff:

**TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT – LOS ANGELES COUNTY DEPARTMENT OF PUBLIC WORKS, PROJECT 674 STORM WATER LOW FLOW DIVERSION, PACIFIC COAST HIGHWAY AND SUNSET BOULEVARD, LOS ANGELES, CALIFORNIA (NPDES NO. CAG994004, CI-8878)**

The subject discharge is regulated under Order No. R4-2003-0111, *General National Pollutant Discharge Elimination System and Waste Discharge Requirements for Discharges of Groundwater from Construction and Project Dewatering to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, which also serves as your NPDES permit.

In a letter dated May 2, 2006, you requested termination of the subject permit because you have completed your construction project at the subject site. An inspection conducted by staff from this office on August 4, 2006, found that there is no discharge of groundwater from the construction project at the site to surface waters.

Since discharge of groundwater to surface waters has been ceased at the site, a NPDES permit is not necessary and coverage under Board Order No. R4-2003-0111 for the subject site is hereby terminated except for enforcement purposes.

Please note that if future discharges of groundwater to surface waters become necessary, you must file a Report of Waste Discharge with this office and obtain Waste Discharge Requirements (WDRs) prior to discharging any groundwater from the site to surface waters. If you have any questions, please contact Gensen Kai at (213) 576-6651.

Sincerely,

**ORIGINAL SIGNED BY**
