Moorpark, CA 93021

TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT—VENTURA COUNTY WATERWORKS DISTRICT NO. 19, WELL NO. 4, BALCOM CANYON ROAD, SOMIS, CALIFORNIA (NPDES NO. CAG994005, CI-8903)

Dear Mr. Muna:

The subject discharge is regulated under Order No. R4-2003-0108, *General National Pollutant Discharge Elimination System and Waste Discharge Requirements for Discharges of Groundwater from Potable Water Supply Wells to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on August 7, 2003.

We have reviewed your January 9, 2009, letter which requested termination of your coverage under the General NPDES Permit. The letter indicated that you have completed the well development project at the above-referenced site and that the groundwater discharge from the subject site to the Arroyo Simi has been ceased.

On April 24, 2009, Board staff inspected the project site and verified that there is no discharge of groundwater from the site to the Arroyo Simi. Since there is no discharge of groundwater from the facility, coverage under Board Order No. R4-2003-0108, General NPDES Permit No. CAG994005, for the facility is hereby terminated except for enforcement purposes.

Please note that if future discharges of groundwater to surface waters or land become necessary, you must file a Report of Waste Discharge with this Board and obtain appropriate waste discharge requirements.

If you have any questions, please contact Namiraj Jain at (213) 620-6003.

Sincerely,

Tracy J. Egoscue
Executive Officer

California Environmental Protection Agency

Mr. Mitri Muna, Engineering Manager
