Alhambra, CA 91801

TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT—CITY OF ALHAMBRA, DEPARTMENT OF PUBLIC WORKS, WELL NO. 12, 414 SAN PASQUAL DRIVE, ALHAMBRA, CALIFORNIA (CAG994003, CI—8933)

Dear Mr. Ray:

In our letter dated July 22, 2005, we informed you that the subject discharge is regulated under Order No. R4-2003-0108, *General NPDES and Waste Discharge Requirements for Groundwater Discharges from Potable Water Supply Wells to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, which also serves as your NPDES permit.

On June 24, 2009, you informed the Regional Board staff that the above-referenced project was completed in August 2005. On September 30, 2009, our staff inspected the facility, and verified that there is no discharge to the storm drain.

Since there is no discharge from the site to the storm drain, coverage under Board Order No. R4-2003-0108 for the subject facility is hereby terminated except for enforcement purposes. Please note that if future discharges of groundwater to surface water becomes necessary, you must file a Report of Waste Discharge with this office and obtain Waste Discharge Requirements (WDRs) prior to discharging any groundwater from the site to surface waters.

If you have any questions, please contact Vilma Correa at (213) 576-6794.

Sincerely,

Tracy J. Egoscue
Executive Officer

Chief Deputy E.O.
