

**Los Angeles Regional Water Quality Control Board**

June 30, 2017

Mr. Theodore A. Johnson  
Water Replenishment District of Southern California  
4040 Paramount Boulevard  
Lakewood, CA 90712

**TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM PERMIT AND WASTE DISCHARGE REQUIREMENTS—WATER REPLENISHMENT DISTRICT OF SOUTHERN CALIFORNIA—SEPULVEDA WELLS NO. 1 AND 2, 4685 AND 4545 SEPULVEDA BOULEVARD, TORRANCE, CALIFORNIA (NPDES NO. CAG994005, CI-9048)**

Dear Mr. Johnson:

In our letter dated June 19, 2006, we informed you that the subject discharge is regulated under Order No. R4-2003-0108, *General National Pollutant Discharge Elimination System and Waste Discharge Requirements for Discharges of Groundwater from Potable Water Supply Wells to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on August 7, 2003.

We have reviewed your May 8, 2017, letter which requested termination of your coverage under the General NPDES Permit. The letter indicated that no groundwater discharge occurred since December 2016 at the above-referenced facility and that the subject NPDES permit is no longer needed. Since the NPDES permit is no longer necessary, your coverage under the Board Order No. R4-2003-00108, General NPDES Permit No. CAG994005, CI-9048 for the facility is hereby terminated except for enforcement purposes.

Please note that if future discharges of groundwater to surface water or land becomes necessary, you must file a Report of Waste Discharge with this office and obtain appropriate Waste Discharge Requirements (WDRs) prior to discharging any groundwater from the site to surface waters or land.

If you have any questions, please contact Vilma Correa at (213) 576-6794.

Sincerely,

  
Samuel Unger, P.E.  
Executive Officer
