**TERMINATION OF COVERAGE UNDER GENERAL WASTE DISCHARGE  
REQUIREMENTS – GREAT AMERICAN GAS COMPANY, 5801 WEST PICO BOULEVARD,  
LOS ANGELES, CALIFORNIA (ORDER NO. R4-2005-0030, SERIES NO. 044, CI-9069, UST ID#  
900190189)**

Dear Mr. Hakim:

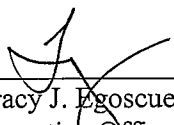

In our letter dated April 28, 2006, we informed you that the subject discharge is regulated under Order No. R4-2005-0030, (Series No. 044), which specifies your Waste Discharge Requirements (WDR).

In a letter dated December 31, 2009, you notified the Regional Board that you ceased hydrogen peroxide injection for this site and that you requested termination of the WDR.

The monitoring results were provided to the Regional Board in quarterly monitoring reports. Since you have completed the in-situ remediation and no longer need the WDR, the coverage under Board Order No. R4-2005-0030, (Series No. 044), for the subject facility is hereby terminated with the exception of enforcement under the term of the permit.

**If you have any questions, please contact the Project Manager, Weixing Tong, at (213) 576-6715 or the Chief of Groundwater Permitting Unit, Dr. Rebecca Chou, at (213) 620-6156.**

Sincerely,

  
Tracy J. Egoscue  
Executive Officer
