RETURN RECEIPT REQUESTED

Mr. Steve Caddell, District Director
ConocoPhillips Pipeline Company
3900 Kilroy Airport Way
Long Beach, CA 90813

Dear Mr. Caddell:

COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM AND WASTE DISCHARGE REQUIREMENTS – CONOCOPHILLIPS PIPELINE COMPANY, LOS ANGELES TERMINAL 12-INCH PIPELINE RELOCATION PROJECT, 20805 NORMANDIE AVENUE, TORRANCE, CALIFORNIA (NPDES NO. CAG674001, CI-9097)

We have completed our review of your application for a permit to discharge hydrostatic testing water under a General National Pollutant Discharge Elimination System (NPDES).

Based on the attached Fact Sheet and other information provided, we have determined that the wastewater discharge meets the conditions to be regulated under Order No. R4-2004-0109, *General National Pollutant Discharge Elimination System and Waste Discharge Requirements for Discharges of Low Threat Hydrostatic Test Water to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on July 1, 2004.

Enclosed are your Waste Discharge Requirements, which also serve as your NPDES permit, consisting of Order No. R4-2004-0109 and Monitoring and Reporting Program No. CI-9097. Prior to starting discharge, a representative sample of the effluent shall be obtained and analyzed to determine compliance with the discharge limitations. The wastewater flows into the Dominguez Channel, therefore, discharge limitations in Attachment B are not applicable to your discharge.

The Monitoring and Reporting Program requires you to implement the monitoring program on the effective date of this permit. All monitoring reports should be sent to the Regional Board, ATTN: Information Technology Unit. When submitting monitoring or technical reports to the Regional Board per these requirements, please include a reference to "Compliance File No. CI-9097 NPDES No. CAG674001", which will assure that the reports are directed to the appropriate file and staff. Also, please do not combine other reports with your monitoring reports. Submit each type of report as a separate document.

In order to avoid future annual fees, please submit written notification when the project has been completed and the permit is no longer needed.
