Tucson, AZ 85750

**TERMINATION OF GENERAL WASTE DISCHARGE REQUIREMENTS AT FORMER
BURTON PLATING FACILITY, 6341 ARIZONA CIRCLE, LOS ANGELES, CALIFORNIA
(ORDER NO. R4-2005-0030, SERIES NO. 050, CI-9131)**

Dear Mr. Kitay:

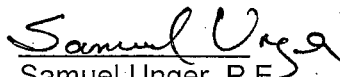

In our letter dated July 21, 2006, we informed you that the subject discharge is regulated under Order No. R4-2005-0030 which specifies your Waste Discharge Requirements (WDR).

In the letter dated April 2, 2009, you notified the Regional Board that you ceased Hydrogen Releasing Compound (HRC) injection for this site and that you requested termination of the WDR.

Since you have no plan to inject HRC into the groundwater in the future, the coverage for the subject facility, under Board Order No. R4-2005-0030, is hereby terminated with the exception of enforcement under the terms of the permit.

If you have any questions, please contact the Project Manager, Dr. Ann Chang at (213) 620-6122 or the Chief of Groundwater Permitting Unit, Dr. Eric Wu at (213) 576-6683.

Sincerely,

Samuel Unger, P.E.
Executive Officer
