Carson, CA 90810

**TERMINATION OF COVERAGE UNDER GENERAL WASTE DISCHARGE
REQUIREMENTS – SHELL CARSON TERMINAL, 20945 S. WILMINGTON AVENUE,
CARSON, CALIFORNIA (ORDER NO. R4-2005-0030, SERIES NO. 057, CI-9184)**

Dear Mr. Burnett:

In our letter dated October 05, 2006, we informed you that the subject discharge is regulated under Order No. R4-2005-0030, (Series No. 057), which specifies your Waste Discharge Requirements (WDR).

In a letter dated September 10, 2008, you notified the Regional Board that you ceased Fenton's reagent injection for this site and that you requested termination of the WDR.

Because the ongoing remediation does not plan to continue to inject fenton's reagent, you no longer need the WDR. The coverage under Board Order No. R4-2005-0030, (Series No. 057) for the subject facility is hereby terminated with the exception of enforcement under the term of the permit.

If you have any questions, please contact the Project Manager, Mr. Paul Cho, at (213) 576-6721 the acting Section Chief of Groundwater Permitting and Landfills, Dr. Rebecca Chou, at (213) 620-6156.

Sincerely,

Samuel Unger, P.E.
Interim Executive Officer
