**TERMINATION OF COVERAGE UNDER GENERAL WASTE DISCHARGE
REQUIREMENTS -LYNWOOD TOWN CENTER, 11215 LONG BEACH BOULEVARD,
LYNWOOD, CALIFORNIA (ORDER NO. R4-2005-0030, SERIES NO. 069, CI-9223)**

Dear Mr. Cousineau:

In our letter dated January 30, 2007, we informed you that the subject discharge is regulated under Order No. R4-2005-0030, (Series No. 069), which specifies your Waste Discharge Requirements (WDR).

In a letter dated July 20, 2009, you notified the Regional Board that you ceased the sodium permanganate injection and requested termination of the WDR.

The monitoring results were provided to the Regional Board in quarterly monitoring reports. Since you ceased the sodium permanganate injection and no longer need the WDR, the coverage under Board Order No. R4-2005-0030, (Series No. 069), for the subject facility is hereby terminated with the exception of enforcement under the term of the permit.

If you have any questions, please contact Mr. Jeffrey Hu, at (213) 576-6736 or the Acting Section Chief of Groundwater Permitting and Landfills, Dr. Rebecca Chou, at (213) 620-6156.

Sincerely,

Samuel Unger, P.E.
Interim Executive Officer
