COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM PERMIT AND WASTE DISCHARGE REQUIREMENTS, LOS ANGELES COUNTY DEPARTMENT OF BEACHES AND HARBOR, MARINA DEL REY SEWER UPGRADE— PHASE I, MARQUESAS WAY, MARINA DEL REY, CALIFORNIA (NPDES NO. CAG994004, CI-9250)

Dear Mr. Del Real:

We have completed our review of your application for a permit to discharge waste under the National Pollutant Discharge Elimination System (NPDES). You propose to discharge up to 70,000 gallons per day (gpd) of groundwater from the above-referenced construction project. The short term construction dewatering project is expected to be completed in three months.

Based on the information provided, the proposed discharge of groundwater meets the conditions to be regulated under Order No. R4-2003-0111, *General National Pollutant Discharge Elimination System Permit and Waste Discharge Requirements for Discharges of Groundwater From Construction and Project Dewatering to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on August 7, 2003.

Enclosed are your Waste Discharge Requirements, which also serve as your General NPDES Permit, consisting of Order No. R4-2003-0111 and Monitoring and Reporting Program No. CI-9250. The discharge limitations in Part E.1.a. and b. of Order No. R4-2003-0111 for the specific constituents listed on the Table with the enclosed Fact Sheet are applicable to your discharge. The discharge flows into a nearby local storm drain, thence, to Los Angeles River between Sepulveda Flood Control Basin and Figueroa Street. Therefore, the limitations in Attachment B.7.c. of Order No. R4-2003-0111 are applicable to your discharge.

The Monitoring and Reporting Program requires you to implement the monitoring program on the effective date of coverage under this permit. All monitoring reports should be sent to the Regional Board, ATTN: Information Technology Unit. When submitting monitoring or technical reports to the Regional Board per these requirements, please include a reference to "Compliance File No. CI-9250 and NPDES No. CAG994004", which will assure that the reports are directed to the appropriate file and staff. Also, please do not combine other reports with your monitoring reports. Submit each type of report as a separate document.
