Alhambra, CA 91803

**TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT—LOS ANGELES COUNTY DEPARTMENT OF BEACHES AND HARBOR, MARINA DEL REY SEWER UPGRADE—PHASE I, MARQUESAS WAY, MARINA DEL REY, CALIFORNIA (NPDES NO. CAG994004, CI-9250)**

Dear Mr. Farber:

The subject discharge is regulated under Order No. R4-2008-0032, *Waste Discharge Requirements for Groundwater Discharges from Construction and Project Dewatering to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on June 5, 2008.

We have reviewed your February 3, 2010, letter which requested termination of your coverage under the General NPDES Permit. The letter indicated that you have completed the Marina Del Rey Sewer Upgrade Phase-I Project and groundwater that the discharge from the subject facility to the Marina Del Rey has been ceased.

On December 14, 2010, Board staff inspected the project site and verified that there is no discharge of groundwater from the facility to the Marina Del Rey. Since there is no discharge of groundwater from the facility, coverage under Board Order No. R4-2008-0032, General NPDES Permit No. CAG994004, for the facility is hereby terminated.

Please note that if future discharges of groundwater to surface waters or land become necessary, you must file a Report of Waste Discharge with this Board and obtain appropriate waste discharge requirements.

If you have any questions, please contact Namiraj Jain at (213) 620-6003.

Sincerely,

  
Samuel Unger  
Executive Officer
