Santa Fe Springs, CA 90670

TERMINATION OF GENERAL WASTE DISCHARGE REQUIREMENTS AT THRIFTY STATION # 003, 2330 E. 7TH STREET, LONG BEACH, CA (ORDER NO. R4-2007-0019, SERIES NO. 021; CI NO. 9280)

Dear Ms. Zrupko:

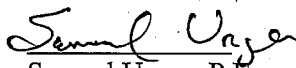

In our letter dated June 25, 2007, we informed you that the subject discharge is regulated under Order No. R4-2007-0019, (Series No. 021), which specifies your Waste Discharge Requirements (WDR).

In a letter dated November 17, 2010, you notified the Regional Board that you ceased ozone injection for this site and that you requested termination of the WDR.

Because the ongoing remediation does not plan to continue to inject ozone, you no longer need the WDR. The coverage under Board Order No. R4-2007-0019, (Series No. 021), for the subject facility is hereby terminated with the exception of enforcement under the term of the permit.

If you have any questions, please contact the Project Manager, Mr. Ha-Nguyen, at (213) 576-6658 or the Chief of Groundwater Permitting and Land Disposal Section, Dr. Rebecca Chou, at (213) 576-6618.

Sincerely,

Samuel Unger, P.E.
Executive Officer
