TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM AND WASTE DISCHARGE REQUIREMENTS—BP WEST COAST PRODUCTS COMPANY, LLC., ARCO VINVALE TERMINAL, 8601 S. GARFIELD AVENUE, SOUTH GATE, CALIFORNIA (NPDES NO. CAG674001, CI-9388)

Dear Ms. Walker:

In our letter dated April 10, 2008, we informed you that the subject discharge is regulated under Order No. R4-2004-0109, *General National Pollutant Discharge Elimination System and Waste Discharge Requirements for Discharges of Low Threat Hydrostatic Test Water to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on July 1, 2004, which also serves as your NPDES permit.

We have reviewed your June 25, 2010, letter which requested termination of your coverage under the General Permit. The letter indicated that the above-referenced project has been completed.

On November 18, 2010, Board staff inspected the project site and verified that there is no discharge of groundwater from the site to surface waters. Since there is no discharge of groundwater from the site to surface waters, coverage under the Board Order No. R4-2004-0109, General NPDES Permit No. CAG674001, for the subject site is hereby terminated.

If you have any questions, please contact Gensen Kai at (213) 576-6651.

Sincerely,

Samuel Unger
Executive Officer

California Environmental Protection Agency

Our mission is to preserve and enhance the quality of California's water resources for the benefit of present and future generations.
