**TERMINATION OF COVERAGE UNDER GENERAL WASTE DISCHARGE
REQUIREMENTS – MOBIL SERVICE STATION 18MAP, 20802 SOUTH VERMONT
AVENUE, TORRANCE, CALIFORNIA (ORDER NO. R4-2007-0019, SERIES NO. 090, CI-9500,
UST FILE NO. R-05290)**

Dear Ms. Jones:

In our letter dated April 20, 2009, we informed you that the subject discharge is regulated under Order No. R4-2007-0019, which specifies your Waste Discharge Requirements (WDR).

In a letter dated April 12, 2010, you notified the Regional Board that you ceased Fenton's Reagent (Cool-OX™) discharge for this site and that you requested termination of the WDR.

The monitoring results were provided to this Regional Board in quarterly monitoring reports. Since you have completed the in-situ remediation and no longer need the WDR, the coverage under Board Order No. R4-2007-0019, for the subject facility is hereby terminated with the exception of enforcement under the terms of the permit.

If you have any questions, please contact the Acting Chief of Groundwater Permitting and Landfill Section, Dr. Rebecca Chou, at (213) 620-6156.

Sincerely,

Tracy J. Egoscue
Executive Officer
