**TERMINATION OF GENERAL WASTE DISCHARGE REQUIREMENTS AT FREMONT CLEANERS, 690 VENTURA ROAD, OXNARD, CALIFORNIA (ORDER NO. R4-2007-0019, SERIES NO. 091, CI-9521)**

Dear Mr. Kallins:

In our letter dated August 13, 2009, we informed you that the subject discharge is regulated under Order No. R4-2007-0019, which specifies your Waste Discharge Requirements (WDR).

In the letter dated October 31, 2011, you requested the termination of the WDR coverage under Board Order No. R4-2007-0019 because you reconsidered the benefits of injection of hydrogen release compound (HRC) solution for remediation purposes.

Since you have no plan to inject HRC into the groundwater in the future, the coverage for the subject facility, under Board Order No. R4-2007-0019, is hereby terminated with the exception of enforcement under the terms of the permit.

If you have any questions, please contact the Project Manager, Dr. Ann Chang at (213) 620-6122 or the Chief of Groundwater Permitting Unit, Dr. Eric Wu, at (213) 576-6683.

Sincerely,

  
Samuel Unger, P.E.  
Executive Officer
