

## Los Angeles Regional Water Quality Control Board

March 11, 2013

Ms. Ana Ananda Central Basin Municipal Water District 6252 Telegraph Rd Commerce, CA 90040-2512

TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM AND WASTE DISCHARGE REQUIREMENTS – SOUTHEAST WATER RELIABILITY HYDROSTATIC TEST PROJECT (PHASE I), BEVERLY BLVD. TO LINCOLN AVE., MONTEBELLO, CA (NPDES NO. CAG674001, CI 9575)

Dear Ms. Ananda:

The subject discharge is regulated under Order No. R4-2009-0068, General National Pollutant Discharge Elimination System Permit and Waste Discharge Requirements for Discharges of Low Threat Hydrostatic Test Water to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties, adopted by this Board on June 4, 2009.

We have reviewed your letter dated June 7, 2011, requesting termination of your coverage under the subject General Permit. You indicated that the project is complete and the permit is no longer needed.

On March 4, 2013, Board staff inspected the subject facility and verified that there is no discharge of hydrostatic test water from the facility to surface water. Since there is no discharge of hydrostatic test water from the facility, coverage under Board Order R4-2009-0068, General NPDES Permit No. CAG674001 for the facility is hereby terminated, except for enforcement purposes.

If you have any questions, please contact Alex Carlos at 213-576-6726.

Sincerely,

Samuel Unger, P.E.
