TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM PERMIT AND WASTE DISCHARGE REQUIREMENTS— CALIFORNIA AMERICAN WATER COMPANY

- 1. LAMANDA PARK WELL, 72 NORTH SIERRA MADRE BOULEVARD, PASADENA (CAG994005, CI-10100)**
- 2. RICHARDSON WELL NO. 3, 8657 GRAND AVENUE, ROSEMEAD (CAG994004, CI-9713)**

Dear Mr. Marcinko:

The subject discharges are regulated under Order Nos. R4-2003-0108 and R4-2013-0095, *General National Pollutant Discharge Elimination System and Waste Discharge Requirements for Discharges to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on August 7, 2003 and June 6, 2013, respectively.

On November 18, 2014 the State Water Resources Control Board (State Water Board) adopted the *Statewide National Pollutant Discharge Elimination System (NPDES) Permit for Drinking Water Systems Discharges to Waters of the United States* (Order WQ 2014-0194-DWQ, General Order No. CAG140001). The Order provides regulatory coverage for short-term or seasonal planned and emergency (unplanned) discharges resulting from a water purveyor's essential operations and maintenance activities undertaken to comply with the federal Safe Drinking Water Act, the California Health and Safety Code, and the State Water Board's Division of Drinking Water permitting requirements for providing reliable delivery of safe drinking water. The order became effective on February 26, 2015.

On May 29, 2015, California American Water Company (American Water) submitted a completed application package to State Water Board for coverage under the Statewide Drinking Water Systems Discharge Permit. On October 2, 2015, the State Water Board issued a Notice of Applicability to American Water, San Marino system for coverage under the Statewide Drinking Water Systems Discharge Permit. Therefore, coverage for American Water Lamanda Park Well (WDID 4B197600143, CI-10100) under Regional Water Board Order R4-2003-0108, General NPDES Permit No. CAG994005, and for Richardson Well No. 3 (WDID 4B198900085, CI-9713) under Regional Water Board Order R4-2013-0095, General NPDES Permit No. CAG994004 are no longer necessary and are hereby terminated, except for enforcement purposes.
