December 8, 2014

Mr. Ivan Ortega, Fleet Services Supervisor  
City of Long Beach  
2600 Temple Avenue,  
Long Beach, CA 90806

Dear Mr. Ortega:

**TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM AND WASTE DISCHARGE REQUIREMENTS—CITY OF LONG BEACH SHORELINE MARINA FUEL DOCK, 700 E. SHORELINE DRIVE, LONG BEACH, CALIFORNIA (NPDES NO. CAG994004, CI-9863)**

The subject discharge is regulated under Order No. R4-2008-0032, *General National Pollutant Discharge Elimination System and Waste Discharge Requirements for Discharges of Groundwater from Construction and Project Dewatering to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on June 5, 2008.

We have reviewed your May 5, 2014, letter which requested termination of your coverage under the General NPDES Permit. The letter indicated that the construction project has been completed and the permit is no longer needed. On November 26, 2014, Board staff inspected the project site and verified that there is no discharge of groundwater from the facility to the storm drain. Since there is no discharge of wastewater from the facility, coverage under Board Order R4-2008-0032, General NPDES Permit No. CAG994004, CI-9863 for the facility is hereby terminated except for enforcement purposes.

Please note that if future discharges of groundwater to surface waters or land become necessary, you must file a Report of Waste Discharge with this Board and obtain appropriate waste discharge requirements.

If you have any questions, please contact Namiraj Jain at (213) 620-6003.

Sincerely,

Samuel Unger, P.E.  
Executive Officer
