Dear Mr. Grover,

On October 13, 2014, this Regional Water Quality Control Board (Regional Board) informed you that the subject discharge is regulated under Regional Board Order No. R4-2014-0187, which specifies your Waste Discharge Requirements (WDR).

In the letter dated June 16, 2017, you notified the Regional Board that you ceased injection of ozone at the subject site and requested termination of the WDR. Since you have no plan to inject ozone in the future, the coverage under Regional Board Order No. R4-2014-0187 for the subject site is hereby terminated, with the exception of enforcement under the term of the permit.

If you have any questions, please contact the Project Manager, Dr. Ann Chang at (213) 620-6122 (ann.chang@waterboards.ca.gov), or the Chief of Groundwater Permitting Unit, Dr. Eric Wu at (213) 576-6683 (eric.wu@waterboards.ca.gov).

Sincerely,
