

EDMUND G. BROWN JR.
GOVERNOR

MATTHEW RODRIGUEZ
SECRETARY FOR
ENVIRONMENTAL PROTECTION

Los Angeles Regional Water Quality Control Board

September 5, 2017

Mr. Mike Ahmar
721 North Crescent Drive
Beverly Hills CA 90210

Dear Mr. Ahmar:

TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM PERMIT AND WASTE DISCHARGE REQUIREMENTS—121 NORTH SAN VICENTE LLC, 119, 121 & 123 NORTH SAN VICENTE BLVD, BEVERLY HILLS, CALIFORNIA (NPDES NO. CAG994004, CI-9953)

The subject discharges are regulated under Order No. R4-2013-0095, *General National Pollutant Discharge Elimination System and Waste Discharge Requirements for Discharges of Groundwater from Construction and Project Dewatering to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on June 6, 2013.

We have reviewed your April 18, 2017, letter which requested termination of your coverage under the General NPDES Permit. The letter indicated that you have completed the construction project and that the General NPDES permit is no longer needed. On August 25, 2017, Water Board Enforcement staff inspected the facility and observed no discharges from the facility to storm drain system. From the inspection it was observed that none of the sumps at the site collect or discharge groundwater. Since there is no discharge of groundwater from the facility, coverage under Board Order R4-2013-0095, General NPDES Permit No. CAG994004, CI-9953 is hereby terminated except for enforcement purposes.

Please note that if future discharges of groundwater to surface waters or land become necessary, you must file a Report of Waste Discharge with this Board and obtain appropriate waste discharge requirements.

If you have any questions, please contact Namiraj Jain at (213) 620-6003.

Sincerely,

Samuel Unger, P.E.
Executive Officer
