Dear Mr. Kupfer:

TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM AND WASTE DISCHARGE REQUIREMENTS—GINDI MAIMONIDES ACADEMY INC., 8511 BEVERLY PLACE, LOS ANGELES, CALIFORNIA (NPDES NO. CAG994004, CI-9963)

The subject discharge is regulated under Order No. Order No. R4-2013-0095, *General National Pollutant Discharge Elimination System and Waste Discharge Requirements for Discharges of Groundwater from Construction and Project Dewatering to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on June 6, 2013.

We have reviewed your November 24, 2014, letter which requested termination of your coverage under the General NPDES Permit. The letter indicated that construction project was completed and the permit is no longer needed. On July 3, 2015, Board staff inspected the project site and verified that there is no discharge of groundwater from the project site to the storm drain. Since there is no discharge of groundwater from the site, coverage under Board Order R4-2013-0095, General NPDES Permit No. CAG994004, CI-9963 for the facility is hereby terminated except for enforcement purposes.

Please note that if future discharges of groundwater to surface waters or land become necessary, you must file a Report of Waste Discharge with this Board and obtain appropriate waste discharge requirements.

If you have any questions, please contact Namiraj Jain at (213) 620-6003.

Sincerely,

Samuel Unger, P.E.
Executive Officer
