This Order responds to the 30 April 2024 request for an amendment of the Common Diversion Facility (Project) Section 401 Water Quality Certification (WDID No. 5B20CR00102). The original Water Quality Certification (Certification) was issued on 24 May 2019. The requested amendment is hereby approved. The original Certification is therefore amended as described below. Please attach this document to the original Certification.

This amendment is not valid until and unless an amendment to the Section 404 Permit with equivalent modifications is approved by the United States Army Corps of Engineers (USACE) or it is otherwise determined by USACE that an amendment of the 404 Permit is unnecessary.

AMENDMENT:

The County of Madera is requesting a time extension through 14 March 2027. The Certification certified the Project which was permitted by the 2017 Nationwide Permits issued by the United States Army Corps of Engineers (USACE). The USACE re-issued the 2017 Nationwide Permits on 15 March 2021. The Central Valley Water Board authorizes a time extension for the Certification through 14 March 2027. A new Certification application and applicable fees will be required for any Project activities that will occur after this new expiration date.

APPLICATION FEE RECEIVED:

No fee was required for this amendment. Total fees of \$8,890.00 for the original Certification were received on 10 October 2018. The fee amount was determined as required by California Code of Regulations, title 23, sections 3383(b)(3) and 2200(a)(3), as was calculated as category A - Fill & Excavation Discharges (fee code 84) with the dredge and fill fee calculator.
