CENTRAL VALLEY REGIONAL WATER QUALITY CONTROL BOARD
11 DECEMBER 2026 BOARD MEETING

RESPONSE TO WRITTEN COMMENTS ON
TENTATIVE AMENDED WASTE DISCHARGE REQUIREMENTS FOR
THE CITY OF PATTERSON
CITY OF PATTERSON WATER QUALITY CONTROL FACILITY
STANISLAUS COUNTY

At a public hearing scheduled for 11 December 2026, the Regional Water Quality Control Board, Central Valley Region (Central Valley Water Board) will consider adoption of amended Waste Discharge Requirements (WDRs) for the City of Patterson Water Quality Control Facility in San Joaquin County. This document contains responses to written comments received from interested persons and parties in response to the tentative amended Order. Written comments from interested parties were required to be received by the Central Valley Water Board by 14 October 2026 to receive full consideration. Comments were received prior to the deadline from:

1. Robertson-Bryan, Inc. on behalf of the City of Patterson (Discharger)

Written comments are summarized below, followed by responses from Central Valley Water Board staff. In addition, staff have made changes to the tentative amended WDRs in response to the comments.

DISCHARGER COMMENTS

COMMENT 1: The City requests that the WDRs be revised to indicate that the WQCF may switch to compliance Pathway A should the City fulfill this pathway's application requirements in the future and wish to switch. The following sentence could be added to the end of Paragraph 44.c to accommodate this request.

"The WDRs do not preclude the WQCF from applying for and transitioning to Pathway A in the future, provided the WQCF qualifies for Pathway A and satisfies its application requirements."

RESPONSE: The requested language was added to finding 44.c.
