## Central Valley Regional Water Quality Control Board

### PROPOSED CLEANUP CASE CLOSURE

Stilson Cleaners

3519 Broadway, Sacramento, Sacramento County

### COMMENT PERIOD

1 April 2026- 1 May 2026

#### NOTICE:

The Central Valley Water Board is providing notice of proposed No Further Action at the former Stilson Cleaners located at 3519 Broadway, Sacramento, Sacramento County (Site).

#### CASE SUMMARY:

The Site is the current location of an art studio. The Site had a dry cleaner business in the past. Testing found tetrachloroethene (PCE) in soil and groundwater beneath the Site. PCE was a dry-cleaning chemical used in the past.

No further action is proposed following testing and monitoring in 2025. Tests show that remaining PCE at the Site is decreasing with time. The remaining PCE does not threaten human health or drinking water sources.

The Central Valley Water Board is providing the public with an opportunity to comment on the proposed no further action.
