WDID NO. 6B368070003**

RESCISSION OF WASTE DISCHARGE REQUIREMENTS

BOARD ORDER NO. 6-86-9

FOR

SEQUOIA VILLAS APARTMENTS

_____ San Bernardino County _____

The California Regional Water Quality Control Board, Lahontan Region (Water Board) finds:

1. Discharger and Facility Description

The Sequoia Villas Apartments are located on the north side of Sequoia Avenue, west of Cottonwood Avenue in Hesperia within a 42-acre area of high density commercial and residential development. The apartments had domestic wastewater treatment and disposal provided by onsite septic tanks and seepage pits.

2. Permit History

Board Order No. 6-86-9 was adopted on July 9, 1986, establishing requirements for the discharge of domestic wastewater from the Sequoia Villas Apartments.

3. Reason for Action

This action is being taken to rescind Board Order No. 6-86-9 because the onsite wastewater treatment and disposal system is no longer in use. The apartments are now connected to City of Hesperia sewer collection system.

It is in the public interest to rescind Board Order No. 6-86-9, since Waste Discharge Requirements (WDRs) are no longer necessary for the reasons described above and should be rescinded.

4. California Environmental Quality Act

Rescission of the WDRs is exempt from the provisions of the California Environmental Quality Act (Public Resources Code section 21000, et seq.) in accordance with section 15321(a)(2), title 14, California Code of Regulations.

5. Notification of Interested Parties

The Water Board has notified the Discharger and interested parties and agencies of its intent to rescind Board Order No. 6-86-9.

6. Public Meeting

The Water Board, in a public meeting, heard and considered all comments pertaining to the rescission of Board Order No. 6-86-9.

IT IS HEREBY ORDERED THAT pursuant to Water Code sections 13260 and 13263, Board Order No. 6-86-9 is hereby rescinded.

I, Patty Z. Kouyoumdjian, Executive Officer, do hereby certify that the foregoing is a full, true, and correct copy of an Order adopted by the California Regional Water Quality Control Board, Lahontan Region, on June 10, 2015.
