Ex Parte Requirements

An ex parte communication is communication to a Water Board member from any person, about a pending or impending matter, that occurs in the absence of other parties and without notice and opportunity for them to respond. The California Government Code prohibits the Water Board members from engaging in ex parte communications on permitting, enforcement, and other "quasi-adjudicatory" matters. Communication about a pending adjudicative matter, received during a public forum, or during the public meeting when the item is not noticed, may violate the ex parte prohibition. The public is encouraged to contact Water Board staff to determine whether a matter is a pending or impending adjudicatory matter. Ex parte communications are allowed on pending general orders (such as general waste discharge requirements, general waivers, and general Clean Water Act

section 401 water quality certifications) subject to the disclosure requirements of Water Code section 13287. Further [information and disclosure forms](#) are located on the Water Board's website.

The ex parte rules are intended to provide fairness, and to ensure that the Water Board's decisions are transparent, based on the evidence in the administrative record, and that evidence is used only if stakeholders have had the opportunity to hear and respond to it. A Water Board member who has engaged or been engaged in a prohibited ex parte communication will be required to publicly disclose the communication on the record and may be disqualified from participating in the proceeding. For more information, please look at the [ex parte questions and answers](#) document located on the Water Board's website.

Any person aggrieved by an action of the Water Board may petition the State Water Resources Control Board (State Water Board) to review the action in accordance with Water Code section 13320 and California Code of Regulations, Title 23, sections 2050 and following. The State Water Board must receive the petition by 5:00 p.m., 30 days after the date the action was taken, except that if the thirtieth day following the date the action was taken falls on a Saturday, Sunday or state holiday, the petition must be received by the State Water Board by 5:00 p.m. on the next business day.
