US EPA PRIORITIES

Reducing the percent of facilities in Significant Noncompliance (SNC)

- Facilities with individual National Pollutant Discharge Elimination System (NPDES) permits
 - Historically, California has been better than the national average

Office of Enforcement

Background

2006 - OE Established

- Goals:
 - Professionalize Enforcement
 - Create clear structural division between Prosecution & Advisory attorneys: "Separation of Functions"

Separation of Functions

- Water Boards serve as decision-makers in quasiadjudicative proceedings
- Due Process Requires Fair & Impartial Hearing
- Separate Functions Prosecution / Advisory
 - Ensures that those staff <u>advocating</u> for a certain result do not also advise the board on the appropriate decision to be rendered
