TO: Regional Water Board

SUBJECT: Hearing of December 10th, 2008, as it relates to the Crystal Springs Sanitation District.

FROM: "Interested persons" Gerard Ozanne and Eugene H. Ciranni, who will speak on the following topics:

1. The utterly incomprehensible failure of the San Mateo County Board of Supervisors to exercise their managerial fiduciary duties toward the Crystal Springs Sanitation District homeowners in a proper manner.
2. The reasons the homeowners felt compelled to exercise their rights under Proposition 218.
3. The current status of the homeowners' unsuccessful attempt (thus far) to obtain or get credit for funds improperly paid during the last 10 years for sanitary sewer assessments.
4. The measures the Board can take to restore the rights of the homeowners.
