For the facility located at:

Petaluma, Sonoma County

Dear Mr. Kaser:

Enclosed are a public notice and a Complaint for Administrative Civil Liability issued to Willowbrook Feeds for the subject site. The Complaint alleges that Willowbrook Feeds has violated its waste discharge requirements by failing to submit its 2006/2007 annual report by July 1, 2007, as required. The complaint proposes administrative civil liability of \$24,200.

A public hearing on this matter has been scheduled for the September 10, 2008, Water Board hearing in the Elihu M. Harris State Building, first floor auditorium, located at 1515 Clay Street, Oakland, California. The meeting agenda will be mailed to you prior to the hearing.

At this time, you have two options:

1. You can appear before the Water Board during the scheduled meeting to contest the Complaint; written comments are to be submitted no later than **5 pm on August 11, 2008**. At that time, the Board may impose the Administrative Civil Liability in the amount proposed, for a different amount, decline to seek civil liability, or refer the case to the Attorney General for judicial enforcement.
2. You can waive the right to a hearing to contest the allegations contained in the Complaint by paying the civil liability in full or undertaking an acceptable Supplemental Environmental Project (SEP) up to \$12,100 and paying the remainder of the civil liability, all in accordance with the procedures and limitations set forth in the waiver attached to the Complaint.
