

California Regional Water Quality Control Board
San Francisco Bay Region
1515 Clay Street, Suite 1400, Oakland, CA 94612
(510) 622-2300

**NOTICE OF APPLICATION AND PUBLIC HEARING
FOR
DISCHARGE PERMIT
for
Napa Sanitation District, Napa County**

The Napa Sanitation District has filed an application for re-issuance of its permit under the National Pollutant Discharge Elimination System. San Francisco Bay Regional Water Quality Control Board staff has prepared a tentative permit for this discharger, containing limitations and provisions in accordance with the Federal Clean Water Act and the California Porter-Cologne Water Quality Control Act.

The District owns and operates the Soscol Water Recycling Facility and its associated wastewater collection system, which treats domestic, commercial, and industrial wastewater for a population of approximately 80,600. Treatment processes consist of headworks, primary clarification, secondary treatment through either activated sludge systems or a 340-acre oxidation pond system, secondary clarification, and disinfection. From November 1 through April 30, effluent is discharged to the Napa River through a submerged diffuser. From May 1 through October 31, treated wastewater is used for irrigation and is not discharged.

The Board intends to consider adopting the tentative permit during a meeting to commence at the time and location as follows:

Time and Date: 9:00 a.m., February 9, 2011
Location: Auditorium, Elihu Harris State Building
1515 Clay Street, Oakland

The deadline for comment is 5:00 p.m. on January 5, 2011. Comments must be sent to the attention of Tong Yin. Persons wishing to file written comments on or objections to the tentative permit or other aspects of this matter must do so no later than this deadline so that such comments may be considered. No written comments will be accepted or responded to in writing if received after that deadline.

Interested persons are invited to attend and express their views at the public hearing on this matter. The Board will hear oral testimony, but will not accept written comments after the deadline noted above.

Pursuant to section 2050(c) of Title 23 of the California Code of Regulations, any party that challenges the Regional Water Board's action on this matter through a petition to the State Water Resources Control Board under Water Code section 13320 will be limited to raising only those substantive issues or objections that were raised before the Regional Water Board at the public hearing or in timely submitted written correspondence delivered to the Regional Water Board.

The application, tentative permit, comments received, and related documents may be inspected and copied at the Regional Water Board office. The tentative permit and additional information and

developments on this matter are also available at www.waterboards.ca.gov/sanfranciscobay. A response to comments will be posted on that website one week prior to the hearing. Contact Tong Yin at (510) 622-2418 or by e-mail at TYin@waterboards.ca.gov, if you have any questions on this matter.
