

California Regional Water Quality Control Board
San Francisco Bay Region
1515 Clay Street, Suite 1400, Oakland, CA 94612
(510) 622-2300

**NOTICE OF APPLICATION AND PUBLIC HEARING
FOR DISCHARGE PERMIT
Chevron U.S.A. Inc., Richmond Refinery
841 Chevron Way, Richmond
Contra Costa County**

Chevron U.S.A. has filed an application for reissuance of a permit under the National Pollutant Discharge Elimination System. The San Francisco Bay Regional Water Quality Control Board's staff has prepared a tentative permit, containing limitations and provisions, in accordance with the Federal Clean Water Act and the California Porter-Cologne Water Quality Control Act.

Chevron U.S.A. owns and operates a petroleum refinery in Richmond. It treats and discharges about 6.6 million gallons per day of refinery wastewater to San Pablo Bay via a diffuser 2,000 feet offshore. Chevron also discharges storm water associated with industrial activities from various points to surface waters next to the refinery.

The Water Board intends to consider adopting the tentative permit during a meeting to commence at the time and location as follows:

Time and Date:	9:00 a.m., July 13, 2011
Location:	First Floor Auditorium, Elihu Harris State Building 1515 Clay Street, Oakland

Persons wishing to file written comments on or objections to the tentative permit or other aspects of this matter must do so no later than 5:00 p.m. on June 13, 2011, so that such comments may be considered. No written comments will be accepted or responded to in writing after that date.

Interested persons are invited to attend and express their views at the public hearing on this matter. The Water Board will hear oral testimony, but will not accept written comments after the deadline noted above.

Pursuant to section 2050(c) of Title 23 of the California Code of Regulations, any party that challenges the Water Board's action on this matter through a petition to the State Water Resources Control Board under Water Code section 13320 will be limited to raising only those substantive issues or objections that were raised before the Water Board at the public hearing or in timely submitted written correspondence delivered to the Water Board.

The application, tentative permit, fact sheet, comments received, and related documents may be inspected and copied at the Regional Water Board office. The tentative permit, fact sheet, and any additional information and developments on this matter are also available at www.waterboards.ca.gov/sanfranciscobay. A response to comments will be posted on that website one week prior to the hearing. Contact Robert Schlipf at (510) 622-2478, or by e-mail at rschlipf@waterboards.ca.gov, if you have any questions on this matter.
