

California Regional Water Quality Control Board
San Francisco Bay Region
1515 Clay Street, Suite 1400, Oakland, CA 94612
(510) 622-2300

**NOTICE OF APPLICATION AND PUBLIC HEARING
FOR
DISCHARGE PERMIT
for
ConocoPhillips San Francisco Refinery at Rodeo
1380 San Pablo Avenue
Contra Costa County**

The ConocoPhillips San Francisco Refinery has filed an application for reissuance of its permit under the National Pollutant Discharge Elimination System. The San Francisco Bay Regional Water Quality Control Board's (Regional Water Board's) staff has prepared a tentative permit for this discharger, containing limitations and provisions in accordance with the Federal Clean Water Act and the California Porter-Cologne Water Quality Control Act.

The refinery processes approximately 77,000 barrels of crude oil per day, producing hydrocarbon products, byproducts, and intermediates. Wastewaters generated by the refinery are treated and discharged at approximately 2.8 million gallons per day to San Pablo Bay through a deep-water outfall. The tentative permit would also regulate approximately 38 million gallons per day of once-through cooling water withdrawn from and discharged back to San Pablo Bay, and storm water discharges from various areas of the refinery to San Pablo Bay.

The Regional Water Board intends to consider adopting the tentative permit during a meeting to commence at the time and location as follows:

Time and Date: 9:00 a.m., May 11, 2011
Location: Auditorium, Elihu Harris State Building
1515 Clay Street, Oakland

The deadline for comment is 5:00 p.m. on March 14, 2011. Comments must be sent to the attention of **John H. Madigan**. Persons wishing to file written comments on or objections to the tentative permit, or other aspects of this matter must do so no later than this deadline so that such comments may be considered. No written comments will be accepted or responded to in writing if received after this deadline.

Interested persons are invited to attend and express their views at the public hearing on this matter. The Regional Water Board will hear oral testimony, but will not accept written comments after the deadline noted above.

Pursuant to section 2050(c) of Title 23 of the California Code of Regulations, any party that challenges the Regional Water Board's action on this matter through a petition to the State Water Resources Control Board under Water Code section 13320 will be limited to raising only those substantive issues or objections that were raised before the Regional Water Board at the public hearing or in timely submitted written correspondence delivered to the Regional Water Board.

The application, tentative permit, fact sheet, comments received, and related documents may be inspected and copied at the Regional Water Board office. The tentative permit, fact sheet, and any additional information and developments on this matter are also available at www.waterboards.ca.gov/sanfranciscobay. A response to comments will be posted on that website one week prior to the hearing. Contact John H. Madigan at (510) 622-2405 or by e-mail at JMadigan@waterboards.ca.gov if you have any questions on this matter.
