**NOTICE OF APPLICATION AND PUBLIC HEARING FOR DISCHARGE PERMITS**

**East Bay Dischargers Authority  
City of Hayward  
City of San Leandro  
Oro Loma Sanitary District  
Castro Valley Sanitary District  
Union Sanitary District  
Livermore-Amador Valley Water Management Agency  
City of Livermore  
Dublin San Ramon Services District**

The above dischargers have filed applications for reissuance of permits under the National Pollutant Discharge Elimination System. Each City and District named above owns and operates, jointly or independently, six municipal wastewater treatment plants. The East Bay Dischargers Authority and the Livermore-Amador Valley Water Management Agency own and operate pipelines that transport the treated wastewater from these six treatment plants to a deepwater outfall to Lower San Francisco Bay approximately 7 miles offshore west of the Oakland Airport. The average discharge rate is about 65 million gallons per day.

The San Francisco Bay Regional Water Quality Control Board's (Water Board's) staff has prepared three draft permits for this discharge, containing limitations and provisions, in accordance with the Federal Clean Water Act and the California Porter-Cologne Water Quality Control Act. The Water Board intends to consider adopting the tentative permit during a meeting to commence at the time and location as follows:

Time and Date: 9:00 a.m., January 18, 2012  
Location: Auditorium, Elihu Harris State Building  
1515 Clay Street, Oakland

Persons wishing to file written comments on or objections to the tentative permits or other aspects of this matter must do so no later than 5:00 p.m. on November 28, 2011, so that such comments may be considered. No written comments will be accepted or responded to in writing after that date.

Interested persons are invited to attend and express their views at the public hearing on this matter. The Water Board will hear oral testimony, but will not accept written comments after the deadline noted above.

Pursuant to section 2050(c) of Title 23 of the California Code of Regulations, any party that challenges the Water Board's action on this matter through a petition to the State Water Resources Control Board under Water Code section 13320 will be limited to raising only those substantive issues or objections that were raised before the Water Board at the public hearing or in timely submitted written correspondence delivered to the Water Board.

The applications, tentative permits, fact sheets, comments received, and related documents may be inspected and copied at the Regional Water Board office. The tentative permits, fact sheets, and any additional information and developments on this matter are also available at [www.waterboards.ca.gov/sanfranciscobay](http://www.waterboards.ca.gov/sanfranciscobay). A response to comments will be posted on that website one week prior to the hearing. Contact Robert Schlipf at (510) 622-2478, or by e-mail at [rschlipf@waterboards.ca.gov](mailto:rschlipf@waterboards.ca.gov), if you have any questions on this matter.
