Re: Tentative Order for Municipal Wastewater Discharges of Nutrients to San Francisco Bay, NPDES Permit

Dear Mr. Schlipf:

I appreciate this opportunity to comment on the Tentative Order. I have one small correction on Table F-1 Facility Information. The design flow for the Novato Sanitary District shown on page F-3 should be 7.05 mgd in order to be consistent with our NPDES Permit CA0037958.

Sincerely,

A handwritten signature in cursive script that reads "Beverly B. James".
